CREATIVE WRITING

The city is a great place
With polution and people,
Everyone with a different
face.
I don't know about you,
But I'll stay in Chilocco
And be greeted every morning
By the singing birds and morning dew.

Sneeze on Monday---Danger
Sneeze on Tuesday--Kiss a Stranger
Sneeze on Wednesday--Receive a letter
Sneeze on Thursday--Something better
Sneeze on Friday--For sorrow
Sneeze on Saturday--See your lover
tomorrow.
Sneeze on Sunday---Your safety seek or
the devil will have you for the rest of
the week.

I'm sorry the green leaves aren't green
Anymore.
I'm sorry the wind doesn't blow as warm,
I'm sorry the skies are gray now.
I'm sorry your breath makes smokey
clouds.
I'm sorry the snow makes your feet cold.
I'm sorry the birds aren't singing all the
time.
I'm sorry to have to wear a coat.
I'm sorry the grass isn't soft now.
I'm sorry you don't see the beauty
here.

Yor're the best fren, I ever had
When I was with you I was never sad.
When ever I needed you, you were always
there
You were always so nice and kind and
fair.
Since I'm here and you're there
All I have to do is sit and stare.

The feeling,
It left....
Like the air that wasn't in the wind,
Like the warmth that wasn't in the sun,
Like the cloud that wasn't in the cloud,
But like the tear that was in my eye.
It came and now is gone,
More than yesterday,
But less than tomorrow,
The feelin' is gone....

If you drink too much,
you will get sick;
If you eat too much,
You will get sick;
If you take too much medicine,
You will get sick;
If you talk too much, it;
may be bad for your health.;
There is something you can not
have to much of. This is how much
Indian you are.;

A PROPHECY?

Seniors are keen, Ace and the Best; they will top the list in any old test. Sophomores: they rate high because the boys are cute and oh! how they make the girls sigh! Juniors: they rate average; their mind is all mixed up just like a strong beverage. Freshmen: well, they are still green, but next year they will get on the beam!

Ruler: Uranus
Color: Blue
Stone: Opal
Flower: Primrose
Metal: Uranium

You lively Aquarians would rather do your own thing and try new ways instead of following the old beaten path. Some people may find you a bit impersonal, yet you get along with all sorts of people, and make an unprejudiced and helpful friend. You can develope new ideas and explore the unknown—but you also like continuity, and get upset by changes in your life. Don't attempt to do too much at once; concentrate on a few major projects. You'll be much happier if you commit yourself to an endeaver you love!

PISCES (Feb. 19-Mar. 20): Get enough rest and stay out of the cold—conserve physical energy. Your head will be clear, so get books read, papers done! Clear up misunderstandings with your parents—plain talk'll do. Love and friendship play a big role this month. It's time to give and to receive.

ARIES (Mar. 21-Apr. 20): Your circle friends seems to widen—and you may have lots of flattering invitations. Don't get carried away and neglet studies and work! The second part of the month looks much quieter. Why not take up yoga, learn meditation? Parents may need some cheering up.

TAURUS (Apr. 21- May 20): You may feel that everything's happening all at once. Keep your cool; sort out your priorities! Keeping a journal might help! Studies should go well (and you have the patience anyway). A lot of affection comes your way from unexpected sources. Open your heart!

GEMINI (May 21-June 20): You'll have to deal with practical issues; money, job, career plans. If you face them squarely, the background—look to your buddies for real support.

CANCER (June 21-July 20): Don't retreat into your shell. Stand up for yourself and be counted! Other people can't guess what's cooking inside you—learn to express it! Month's end may be slow. Take a week-end trip if you can to break the routine! A loved one brings gifts: be receptive!

LEO (July 21-Aug. 21): A month full of action and surprises. Emphasis is on cooperation with those closest to you, THE special person. Now's the time to be generous, and affection counts more than cash. Hang a bright poster near your desk to boost productivity!

VIRGO (Aug. 22-Sept. 22): Pessimism won't get you anywhere—make a real effort to "think positive." This is a time to concentrate on yourself, your work, your goals. Unclutter your life, get rid of what's outworn and outgrown, from clothes to relationships. All is not drab though; there's a romantic aura around you!

LIBRA (Sept. 23-Oct. 22): This should be a happy time for Libras, much fun and games. You have lots of good ideas. Put them into action! (Write a play, maybe?) Give some time to little kids; they'll enjoy your lively mood. And think through the mysterious attraction you have for the opposite sex!

SCORPIO (Oct. 23-Nov. 22): You'll probably have lots of good ideas (organizing a ski trip?). but you may have a hard time putting them into action. How frustrating! Clean out closets; it's a good outlet for Scorpios under tension. Your mother may deserve some extra TLC' If ya spending spree depleted your wallet, reorganize finances pronto!

SAGITTARIUS (Nov. 23-Dec. 20): Friends, neighbors may seem more pesty than fun this month. Learn to say no to irritating distractions. You need to concentrate on your studies and/or your job. Beware —spend only what you can afford! A very close person should give you much attention; reciprocate!

CAPRICORN (Dec. 21- Jan 19): You should be feeling pretty good about yourself right now—and looking it, too! That can attract friends, including the opposite sex! Accent is on money making, and that's what thrifty Capricorns are good at Grab the opportunities!

The Drum of Heritage

The drum tells all
Of the great Indian way
We are all proud of this way
For the drum is ours . . .
If the young will learn
The beat of the drum
The words of the songs
The drum will last
For it is all that's left that keeps
our Heritage going
When it is no more
The Indians also will be no more.
